If you use pass4sureofficial 000-141 Certification questions and answers, you will experience actual 000-141 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our IBM exam prep covers over 95% of the questions and answers that may be appeared in your 000-141 exam. Every point from pass4sure 000-141 PDF, 000-141 review will help you take IBM 000-141 exam much easier and become IBM certified. All the Questions/Answers are taken from real exams.

Here's what you can expect from the Pass4sureOfficial IBM 000-141 course:

** Up-to-Date IBM 000-141 questions taken from the real exam.*
** 100% correct IBM 000-141 answers you simply can't find in other 000-141 courses.*
** All of our tests are easy to download. Your file will be saved as a 000-141 PDF.*
** IBM 000-141 brain dump free content featuring the real 000-141 test questions.*

IBM 000-141 certification exam is of core importance both in your Professional life and IBM certification path. With IBM certification you can get a good job easily in the market and get on your path for success. Professionals who passed IBM 000-141 exam training are an absolute favorite in the industry. You will pass IBM 000-141 certification test and career opportunities will be open for you.

Question: 1
Refer to the exhibit to answer the question.

Buyer entities of the marketplace can search and discover sellers and interact with them. The discovery and interaction processes are very dynamic in nature. Which of the following can MOST logically be part of the application's architecture?

A - Validation of XML data
B - XSL matching for the search and discovery
C - XML Query for the search and discovery
D - UDDI for the search and discovery
E - SOAP for communication between various entities

Answer: A, D, E

Question: 2
An application needs to be able to modify the XML document that it is processing1 without creating a new instance of the document. Which is the BEST technology to use?

A - XSLT
B - SAX
C - DOM
D - DTD
E - Infoset

Answer: C

Question: 3
A group of companies that currently processes purchase orders (POs) using XML has set up a B2B trading community in order to exchange the POs. Which of the following XML technologies would provide the MOST benefits?

A - Use published DTD5 to standardize the P0 format.

B - Use XML Query to retrieve POs from another company's database.
C - Use XML Infoset to standardize field names between companies.
D - Use XSLT to transform POs to/from internal P0 formats.

Answer: A, D

Question: 4
Which of the Following MUST be present in every SOAP request?

A - SOAP Envelope SOAP Header, SOAP Body
B - SOAP Header, SOAP Body
C - SOAP Envelope, SOAP Body
D - SOAP Envelope, SOAP Header

Answer: C

Question: 5
When is it BEST to use validation in an XML application?

A - The application is being developed but not during production, when performance is more important
B - The source of the XML data is untrusted
C - Validating stylesheets are used
D - High performance is an important architectural constraint

Answer: B

Question: 6
Refer to the exhibit to answer the question.

The Web site for a financial services company will include both web-based trading (e-trades) and the financial research reports to help investors make their decisions. As part of the application architecture, note the following:

* As the data interchange format between the web-based application and the company's legacy trading systems.
* As the EFT (Electronic Funds Transfer) data interchange format with the customer's bank, from which funds will be withdrawn to settle the trade.
* As the source format for the financial research reports, which will be searchable and displayable from the web browser.
* The set of banks is unknown at the time the application is being built.

It is very important to management that the Web site looks professional, that customers have pleasant interaction, and that the site has performance characteristics. Additionally, management wants to ensure that financial reports can still be produced on paper with high-quality typesetting and four-color printing.

Which of the following is MOST likely to be required in the design?

Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
